

FISCAL YEAR 2015 INTRAMURAL COMPETITIVE GRANTS INITIATIVES

PROGRAM	MISSION	RFP ISSUED*	AWARD CRITERIA	FY14 AWARD TOTALS
Friends of Prentice Grants Initiative	Seeks proposals that will advance women's and infant's health programs in research, patient care, education and community service. All submissions that advance women's or infant's health and have relevancy to Prentice Women's Hospital are welcome.	January 8, 2014	Grants of up to \$50K will be awarded from an available pool of \$400K (single year only)	\$493,173
Evergreen Invitational Women's Health Grants Initiative	Seeks proposals that will advance women's health programs in patient care, education, translational or clinical research and community service. Prospective proposals will be ones that provide a measurable outcome and create or improve programs.	January 15, 2014	Three to six grants will be awarded from an available pool of \$400K (single year only)	\$390,447
Eleanor Wood-Prince Grants Initiative: A Project of the Woman's Board of Northwestern Memorial Hospital	Seeks proposals from investigators developing independent research projects that will advance prominent clinical programs and promote the Northwestern Medicine vision. The grants are intended to be a springboard for future research and programs.	Early February 2014	Approximately four grants of up to \$25K will be awarded from an available pool of \$100K (single year only)	\$74,075
Lynn Sage Cancer Research Foundation Grants Initiative	Seeks proposals that impact patient care through translational clinical and benchmark research studies. Prospective proposals will be ones which provide support for all work associated with breast cancer prevention, diagnosis, and treatment.	Mid-February 2014	Grants between \$25K and \$50K will be awarded from an available pool of \$250K (single year only)	\$259,031
Alvin H. Baum Clinical Simulation Research Grants Initiative	Seeks proposals for unique projects which have the potential to improve clinical care via simulation-based training, the use of simulation to evaluate the clinical environment, and the development of novel technologies to emulate the clinical environment.	Late February 2014	Two to four grants will be awarded from an available pool of \$100K (single year only)	\$118,000* *FY13 Awards
Dixon Translational Research Grants Initiative	Seeks proposals which have the potential to generate clinical care innovations, facilitate translational clinical research studies, and accelerate clinical development of novel technologies.	May 2014	Approximately 9 grants will be awarded from an available pool of \$325,000 in two categories: Innovation Awards (\$50K) and Young Investigator Awards (\$25K) (single year only)	\$318,994

**Northwestern Memorial Foundation
FISCAL YEAR 2015 INTRAMURAL COMPETITIVE GRANTS INITIATIVES**

PROGRAM	MISSION	RFP ISSUED*	AWARD CRITERIA	FY14 TOTAL AWARDS
